

Harley Mulraney

I remember the day I received the letter from GPSFA, I was at my Nan's when my mum walked in and gave me an envelope, as I opened the letter

I remember feeling scared but excited all at the same time, I only read the first sentence before jumping up and down in air with the news that I had got into The Best B team.

I didn't know what to expect, or how hard it was going to be but I knew I was going to enjoy every moment.

We played many matches and went on many tours, jersey being my favourite. I have met a lot a new friends and many good players, "even the coaches were alright".

I have learnt a lot not just as a player but as a person and I will carry tia amazing experience for the rest of my life.

From a football point of view we won lots of games, lots of trophies and broke lost of records but more importantly realising that winning isn't everything but being a team player is the key.

I am sad to have finished my GPSFA journey but I will always remain part of the GPSFA family.
